COLLECTION

A NEW LUXURY PILLOW LINE ROOTED
IN 44 YEARS OF TRADITION

1963 PHOTO OF ERNEST SIESEL

Everything we do, we do in Earnest.

When we decided to create a new luxury pillow line, we decided to do it the right way, not the convenient way.

Inspired by our past, the Earnest Collection line of luxury pillows are made like our dad, Ernie, would have made them - elegantly crafted, beautifully designed, and carefully curated.

That means, we only source the finest materials for our fabrics and fills. Every stitch we sew is sewn with care, and every pattern we choose is as stunning and beautiful as it is durable.

We're for luxury. Not just any luxury but everyday luxury. Luxury that's neither exclusive nor pretentious. Luxury that never brags or has an agenda. Yes, we're for luxury. We're for the kind of luxury you can actually see yourself sink into. Beautiful yet practical. Luxury that speaks to your head and your heart. Luxury like no other.

The Earnest Collection. All of the luxury. None of the pretense.

“In life and in business I want to be remembered as an honorable man.”

Ernest Siesel

Part of the luxury is giving back.

Doing things in earnest means sincerely acting in a way or showing concern for the things that genuinely matter.

For my father, what mattered most was being able to take care of others. Whether it was our family, his employees, or customers, Ernie treated everyone with respect and empathy.

As a tribute to his legacy, Earnest Collection is donating a portion of sales to Habitat for Humanity in our local area. The Earnest Collection will bring beauty to your home and help provide a home for those in need.

That's what living Earnestly is all about.
